### DAUGHTER OF HARRY MUSE DISCREDITS RUMORS

(Note: the exact cause of this fatal fire is still under investigation)

On Wednesday, March 14 Wilmington experienced one of its most tragic fires, one in which a man lost his life and a home was completely gutted. Since this occurrence, we have heard many adverse comments made about the laxity on the part of our fire department. Partly to quiet our own feeling of anxiety and partly to set straight other people who may be listening to unfounded rumors we spoke today with the two people most closely concerned with this fire, Mrs. Charles Henault, daughter of the man who died and Arthur Boudreau, chief of the fire department. The story as told to us:

On the evening preceding the fire, four minor blazes broke out in the home of Joseph Muse on Wildwood St., between the hours of 7:45 and 10:00 p.m. The fire dept. was summoned only once, to extinguish the blaze which occurred at 7:45. The occupants of the house felt that these fires were being caused by radiators in the floor of the home. Mrs. Henault and her son Larry, set to work the next day to carry out an accumulation of cardboard boxes etc. which had gathered in the back part of the house. While they were so engaged, Harry Muse, Mrs. Henault's 89 year old father was upstairs sleeping, Mary Anzaldi, daughter of Mrs. Henault ran to her mother shouting that the house was on fire. Mary had been kept home from school that day suffering an injured knee. Mrs. Henault tried several times to enter the house from the rear, but found it impossible due to smoke and fire which were already eating at the kitchen. Finding the front door locked she battered it in and was attempting to reach her father up the front stairs when Larry stated that he would again try the rear entrance. Fearing for him, Mrs. Henault left her pursuit of her father and went in search of her son. When she finally felt that both children were safe outside she again attempted to reach Mr. Muse in the upstairs bedroom, but found it was impossible. (Here we would like to note that all this panic-stricken activity had taken place before the fire dept. was called. When the dept. was called by an unknown person, the build-

ing was a complete mass of flames. Several attempts on the part of firemen to reach Mr. Muse proved futile.

We phoned Mrs. Henault to ask if she agreed with the above story as given to us by the fire chief, she answered: Absolutely. She further stated that the valiant fight put up by firemen was certainly much more to be commended than condemned. "I just don't know she said how those men escaped without injury". When they arrived, at least fifteen minutes had elapsed since the start of the fire and there were no hydrants nearby. The fire truck carried only 250 gallons of water so it was necessary to pump from the nearby brook. (Note: Here is an instance where a brush-fire truck carrying 600 gallons of water would have come in handy.) Immediately upon arrival and seeing the condition of the building, the chief sent for outside help. Reading, Tewksbury, Burlington and Billerica were called in. Burlington and Billerica filling in at the station.

Mrs. Henault also completely discredited the ugly rumor that firemen had reached Mr. Muse and thinking him dead, left him in his bed. How could have they reached him, she asked. I tried and tried to get up those stairs at least ten minutes before firemen arrived and it was impossible even then.

So, taken as a whole it is easy to understand why conditions were as firemen found them. Panic and chaos caused Mrs. Henault to think only of getting to her father and the fire itself made it impossible for anyone else to reach the telephone in the house.

All fire depts. have always pleaded with the citizens of their areas to call the fire dept. First—Don't attempt to put the fire out yourself. Unthinking panic can cause people to do many things, but if out of this story comes just one citizen, who in the future will remember to call the firemen before the case is hopeless then Harry Muse will not have died in vain.

### Woller Twins Are Two

Ten little relatives and adults enjoyed refreshments and games.

### Donations Being Accepted By Fire Dept.

Fire Chief Arthur Boudreau has announced that his dept. will gladly accept at the fire station any donation of clothing or household articles for the Muse and Henault families who recently lost their home by fire.

### RECREATION AND SUPERVISION TALK GIVEN BY L. CUSHING

What do supervised playgrounds accomplish and how are the recreational needs fulfilled regardless of age groups in the Town of Wilmington? These were the 2 main topics of the special meeting held March 6 by the Pinehurst P.T.A.

Mr. Lawrence Cushing, director of the Wilmington recreation program, was our guest speaker. He showed colored film and had arts and crafts articles on display. These particular arts and crafts products were made by children age five through ten. It was most remarkable to see how clever these youngsters can be when given a few inexpensive basic materials to work with. Some of their handiwork were: leather belts and key cases, wooden bead necklaces and bracelets, plaster plaques and book ends; all made from materials bought by tax money given to the recreational program.

The colored film was taken during the summer and winter when the children were at the supervised play areas. Some of the shots showed the Teen-age boys and girls playing volleyball, baseball, and softball. The younger group age 9 through 12 were shown playing croquet and horseshoes, and on nature walks. The age group 5 through 8 were shown while they played games of kickball, tag, blind man's bluff and producing a variety show. The portion on swimming was most interesting as it showed the different phases through which children were guided before they finally took their first stroke and then were swimming with ease.

Winter Carnival at Wilmington was another important phase of the whole recreational project. For here were youngsters and adults alike once again enjoying community recreation and receiving recognition for some outstanding ability in competition.

Wilmington certainly must be commended for having seen to it that the community spirit is kept alive and that the youngsters have a chance to really experience the intangible we often speak of as civic pride.

This is evident from the fact that in three years the Town has built up the recreational facilities from one playground to thirteen with an anticipated expansion this year at Town Meeting. Most of these added play areas are located on the School grounds of the Town which thus heightens the fulfillment of community spirit through a recreational program.

Mr. Cushing stressed some important aspects of the

need for community recreation which are worth noting:

Our standard of living is such today that both adults and children have more leisure time than was even thought of in days gone by. A great deal of this extra time is, of course, due to our modern conveniences. So a recreational program must be provided to absorb this extra leisure time.

What are the youngsters to do - we as people are basically gregarious so there must be a play area set aside for them or the street corner becomes a play area.

Now it is a known fact that unless we are learning, even in a recreational program, interest is lost. Thus supervision must be established for then the youth can be taught to play the game well or make a handicraft article easily.

The Pinehurst P.T.A. greatly appreciated the information that Mr. Cushing presented for we are now sponsoring the John A. Akesson playground and are keenly interested in the outcome of Article 34 in the 1956 Town Warrant. If the Town Meeting Members accept the article then we shall have a supervised playground for all to enjoy.

#### Beacon Hill Commentary Rep. Charles E. Wilkinson

The Massachusetts Port Authority Bill will probably be one of the most debated bills to come before the Legislature this session. About a year ago a Special Commission was appointed to make a study of the port of Boston to see what could be done to restore the port to its former prominence. The Special Commission has made a report and recommends the "creation of a self supporting revenue bond issuing Massachusetts Port Authority to consolidate and take over and carry on the fa-

cilities of the Port of Boston Commission, the two State Airports, Logan International at East Boston, and Hanscom Field in Bedford, the Sumner Tunnel, the additional vehicular crossing and the Mystic River Bridge." This Authority would be made up of seven members to be appointed by the Governor, who would be given the power to issue revenue bonds in whatever amounts necessary. From the proceeds of the sale of these bonds the Port Authority would pay the Commonwealth some 18 or 19 millions of dollars, the amount of bonds now outstanding against the Logan Airport, which would relieve the Commonwealth from further raising money to pay off these bonds, and would further relieve the Commonwealth of having to dig up money each year to pay for the construction necessary for expansion of the Airport. The Commonwealth thus would be relieved from having to raise each year some 4 to 5 millions of dollars to maintain the Airport, all of which would come out of the pockets of the tax payers. At the present time the Airport is asking for \$10 million for capital outlay alone. That we might compete with other Airports, especially for overseas business the present Airport needs considerable expansion and work done. To obtain title to the Sumner Tunnel the Authority would pay the city of Boston (8.5 millions) now and more later on after the findings of a special arbitration board.

Some (27 million) would be paid the Mystic River Bridge Authority which is the amount of the outstanding bonds against the bridge. Hanscom Field, the Mystic River Bridge and the Sumner Tunnel is now earning each year more than enough to take care of all the repairs and payment of bonds. Logan Airport is earning more than enough to pay ordinary expenses but not enough to make payments on the bonds. The Port Authority would be given the power to increase or revise the tolls or charges which with the money from the sale of bonds will build up new piers and other

necessary expansions along our water front needed to attract more shipping. It would also provide money to open offices in other cities both here and abroad and really go after business. The Governor would appoint the members of the Authority and can for certain reasons remove a member. Otherwise there would be no control over this Authority, by either the Legislature or the Executive branch. The citizens of Winthrop, East Boston and Chelsea must use either the Tunnel or the Bridge or go a long way around through Sullivan Square. They are concerned about the possibility of increased toll rates against the free use of the highways south of Boston. The Chamber of Commerce in the January issue of the Greater Boston News says: "The central question as we see it is; Will Metropolitan Boston go ahead as a modern business area, capable of encouraging & helping business enterprises to prosper and of providing steady employment, or will it deteriorate because of its inability to adjust to the changing needs of the times? The way in which we meet our transportation problems will be the most important factor in answering that question. The proposed Authority would be a continuous, self sustaining public agency which would provide the unified management best suited to do that job".

#### ROTARY NEWS

At the weekly meeting of the Rotary Club on March 7th two new members were received. Roy Poole and Harold Foley. The speaker of the day was Dr. Ralph Doherty, a Rotary Fellow who is doing research at the Harvard School of Medical Health. Dr. Doherty is a native of Australia and gave a description of the life of his country, using colored slides.

The annual meeting of the club was held on March 14th, and the following officers were elected for the year starting July 1st. President, Herbert Pickering. Vice President, John Gleason. Secretary, Stanley Cummings. Treasurer, Melville Woodside. Sergeant at Arms, Henry Foster. The Board of Directors will consist of the above officers and Albert Malone, Raymond Fitch, Sam Garfi, John Collins, and Larz Neilson.

Supt. John Collins of the Wilmington Public Schools gave an interesting but sobering address on the outlook for education in this community in the years just ahead. With the aid of diagrams, which he himself had worked out, he concentrated on the prospects for the year 1961, in view of the rapidly increasing birth rate and the arrival of large numbers of new people in the town. Schoolroom facilities and the town budget will be severely taxed, if the present rate of change continues. Mr. Collins commented on the relatively small amount of money spent on education in

#### In Like A Lamb . . . Out Like A Lion!

Girls, how did your backs hold out? Well, if you shoveled as much snow as I did, your back probably feels as though somebody's been pounding on every bone with a sledge-hammer. Incidentally, what would our hubby's do without us gals . . . keeping those home fires burning and those driveways clear . . . so they can slide right in when they get home from a "hard day at the office."

Well, girls, those DRIVE-IN fellers did it again! Did you notice that, despite those two crippling blizzards, you could always drive into that big, off-the-road parking space . . . day or night? And here's the best part! They carried your packages right to your

car . . . and even cleared off your windshield, to boot!!

How accommodating can those fellers get?

Folks, in inclement weather or good weather, why walk a mile for a camel? At the DRIVE-IN you can step out of your car and, in less time than it takes to say, "Jack Robinson", you can buy a pack of cigarettes and be off in a cloud of smoke! And if you want a quickie purchase of beer or ale, etc., you can get away just as fast. And with absolutely no parking worries at all. Because you can ALWAYS PARK-IN-PEACE at the Drive-In.

Think it over, folks. And come see us soon, huh?

As always,  
Mabel

## ALONG THE MAIN STEM

by  
Bernie Patterson

### PROVERB . . .

The only things that come to the man who waits are  
cast-offs!

### NEW DOMICILE . . .

Jim and Isabel McCabe, owners of the Merri-Mac  
Laundry in Wilmington Square have moved from their  
former residence on Veranda Ave. to 198 Andover Road  
in Billerica, but will continue to operate their laundry  
in Wilmington.

### Land Filling . . .

Peter Foni, Jr., son of Mr.  
and Mrs. Peter Foni of Wo-  
burn . . . a giant of a lad at  
6 ft. 3 in. and about 300 plus  
has a job that really fits his  
stature, driving a huge All  
State dump truck, filling  
land at the site of the Wal-  
pole Woodworkers, Inc., new  
plants on Lowell Street.

### Surprise . . .

Ralph M. Plumer, Jr., Wil-  
mington fireman, received a  
very welcome surprise when  
he walked into a local res-  
taurant to be informed by  
the diners that his wife had  
given birth to a baby daugh-  
ter. Seems like he was  
scoped . . .

### Good Samaritan . . .

Joe Palistino and Ralph  
the young barber from the  
barber shop in Wilmington  
Square played the good sam-  
aritan during the snow storm  
at the lights on Burlington  
Ave. and Main St., Friday  
afternoon. Both were out  
with shovels, throwing sand  
from the state sand box  
located there into and onto  
the slight grade. Many a  
motorist have them to thank  
for the assist in getting up  
over the grade.

### World Traveler . . .

Leo Woods, home on leave  
from Newport Naval Station,  
who will leave the Navy on  
the 8th of July, has traveled  
many miles and really seen  
the world. Having returned  
just recently from the Medi-  
terranean where he stopped  
at nearly all the various  
countries in that hemisphere,  
he makes it known how happy  
he is to be home in the good  
U.S.A. Leo picked up a  
Spanish bowling set for his  
young brother Eddie, while  
in Spain. It seems that this  
set is used on grass and con-  
sists of the normal ten pins,  
slightly larger than our small  
duck pins, three wooden  
balls, each the size of a soft-

ball, with three finger holes.  
They are made from wood of  
the Olive tree. Leo also  
brought along a pair of  
Grecian statues, love god-  
dess' very beautiful they are,  
carved out of white sand-  
stone and he presented them  
to his friend, the Toots Shor  
of Wilmington who is dis-  
playing them in a very  
prominent spot.

### Overheard at the Shamrock Drive-In . . .

Judge: What's the charge  
against this man?

Officer: Stealing nine bot-  
tles of beer, Your Honor.

Judge: Discharged. I can't  
make a case out of nine bot-  
tles.

### Hi Buddy . . .

Charles Buddy Goggins,  
Wilmington miracle boy of  
'56 paid a surprise visit with  
his parents, to see George  
Spanos last Sunday. Buddy  
arrived at his home from the  
hospital Friday during the  
snow storm and will remain  
at his home for a while.

### New Citizen . . .

It was my good fortune to  
be introduced to one of Wil-  
mington's latest citizens. He  
is one who is destined to be  
a distinct asset to the com-  
munity and one who some  
day I hope shall honor me as  
one of his many friends. Be-  
ing friendly and courteous is  
an attribute he was blessed  
with. His honesty and in-  
telligence is well known and  
respected throughout Mid-  
dlesex County where he, as  
assistant to the District At-  
torney, made an enviable re-  
cord.

I am referring to Barrister  
Tim Kane, formerly of Som-  
erville and now residing  
with his wife and three sons  
at 177 Middlesex Ave. Mr.  
Kane practices law in Bos-  
ton, commuting daily and  
professes a deep liking for  
Wilmington and her towns-  
people.

### PARENTS AND JUVENILE DELINQUENCY

Juvenile Delinquency and  
the use of Narcotics by Ju-  
veniles is in evidence due to  
every day human failures of  
the parental group. The fore-  
going facts became very evi-  
dent to the members of the  
Wilmington Lions Club dur-  
ing the evening of February  
23. The very annoying details  
were presented by men of au-  
thority in the field such as As-  
sistant District Attorney,  
Arthur Boberick; Chairman  
of the Juvenile Delinquency  
Committee, Michael Walsh,  
and State Police Detective,

Cornelius Fitzpatrick. The  
above men, representing the  
Greater Boston Districts, used  
films to prove that the prob-  
lem is not one of a theoretical  
nature.

For example, the film en-  
titled "A Criminal Is Born"  
depicted four types of paren-  
tal groupings. Parental group  
A - the parents were of the  
social elite group - stepping  
out every evening to socials  
and as a result, ignoring their  
son. He had to find some form  
of entertainment. Parental  
group B - the parents were  
very civic minded in doing all  
they could to improve the

community by joining many  
organizations - they overlook-  
ed their own family problems -  
their son. He started to look  
for attention elsewhere. Pa-  
rental group C - Forever  
bringing about arguments  
within the household so as to  
make the atmosphere tense at  
all times. Such a situation  
drove the youngster out of the  
house every evening. Parental  
group D - doing the best that  
they could to make sure that  
their son would not become  
involved in difficulties.

The youngsters of the pa-  
rental groupings A, B, and C  
had something in common:  
the lack of parental love. They  
sought other means of atten-  
tion as a group, such as rob-  
bery and the like until they  
finally stumbled upon narcot-  
ics. They did everything in  
their power to entice young-  
sters from Group D, but they  
were not successful. They be-  
came so overpowered by nar-  
cotics that they finally resort-  
ed to murder to obtain money  
to purchase the drugs. As a  
result, one of them was killed  
during a robbery and the rest  
were sentenced to prison.

How evident are the above  
findings? Cases of the like  
are on file in the Boston  
Courts. According to one of  
the speakers, the above usu-  
ally happens in heavily popu-  
lated areas, but he warned  
that it will not be long before  
Wilmington will become heav-  
ily populated and now is the  
time to start thinking about  
the problem.

The film on "Narcotics"  
showed how youngsters were  
introduced to the drug and  
the building program of de-  
sire by the peddlers. It was  
given to them free of  
charge until the desire came  
about. From that point on,  
the fee ranged from 50 cents  
to \$52.50 a week. The peddlers  
never indulged. It was shown  
how \$1000 worth of a drug  
could be diluted to the point  
where it sold for \$250.00.  
Once again, THESE ARE  
FACTS.

The above program was  
made possible through the  
endeavors of Cy Cutter, a  
member of the Wilmington  
Lions.

Incidentally, WHAT TYPE  
OF PARENT ARE YOU? A?  
B? C? D?

### FUNERAL SERVICES FOR HARRY MUSE

Muse 89, who died by fire  
in his home on Wildwood St.,

land, Maine. He is also sur-  
vived by numerous grand-

children.

Wildwood Cemetery.

### OPEN LETTER TO THE TOWN AND THE FIRE DEPARTMENT

We wish to express our  
deepest appreciation to the  
firemen of Wilmington who  
fought so valiantly to save  
our house and our father  
during the fire which com-  
pletely ruined our home on  
March 14. The efforts put  
forth by these men would do  
great credit to firefighters  
everywhere. Fighting fire in  
a snow storm is never easy,  
but to go on with the fight  
in the face of utter hopeles-  
ness calls for a strength  
greater than most of us pos-  
sess. We also wish to thank  
through the medium of this  
paper, the firemen of sur-  
rounding towns who came to  
join the battle.

We further wish to express  
our gratitude to the town of  
Wilmington and everybody  
in it for their kind consid-  
eration and generosity toward  
us during our tragedy.

Mrs. Charles Henault and  
Mr. Joseph Muse

### A SOCIAL NOTE

The local organization of  
Beta Chi has announced the  
fact that it is conducting its  
Fourth Annual Benefit Dance.  
The Lions Club of Wilmington  
intends to cooperate to the  
fullest extent in order to  
make the affair a tremendous  
success.

Why the desire for success?  
All the proceeds are to be  
used to support the Wilming-

ton Dental Clinic and the Li-  
on's Charities. The proceeds  
from last year's successful  
venture, were turned over to  
the local Boy Scout Groups.

The Semi-Formal Benefit  
Dance is to be held on the  
Friday following Easter, Ap-  
ril 6, 1956, from 8:30 to 12:30  
P.M. at the Andover Country  
Club. The tickets are \$3.50 a  
couple, tax included, and they  
may be procured from any  
Beta Chi or Lions Club mem-  
ber. The music will be that of  
Jack Hennessey's Orchestra.

Needless to say, a limited  
number of tickets are avail-  
able due to the fact that the  
clubs do not wish to make the  
conditions at Andover too  
congested. Therefore, those  
who purchase tickets soon will  
be guaranteed an opportunity  
of joining in the Social Event  
of the Year.

This will be one of the few  
times when you will spend a  
few dollars, have an excellent  
time, and at the same time,  
help two organizations to as-  
sist other organizations and  
individuals.

BUY YOUR TICKETS

Lions' Club in their plan to

**THE WILMINGTON TOWN BOWLING LEAGUE**

The Wilmington Town Bowling League met for their 26th week of bowling and quite a week it was. All the teams having to make up postponed matches rolled them off so that at the present time all teams have rolled their total number of strings. The results of Tuesday night's matches is as follows: Bennys Radio, in 1st place, rolled a split with the 4th place Boosters and with these 2 points Bennys Boys clinched the 1st place slot for the season. The 2nd place Dodgers took a split from the 6th place West End and so dropped down into the 3rd place spot. The 3rd place Knickerbockers took over 2nd place as they downed the 8th place Buck Bros. with a 3 point tally. The 5th place Spoilers gained some ground as they made up their postponed match and also won their regular match to the tune of 6 to 2 for the two matches, the 7th place North End being the victims. This moved the Spoilers only 1 point behind the 4th place spot. With Bennys Boys sewing up the 1st spot, the next four teams are only five points apart so anything can happen yet.

Next weeks matches finds the Spoilers vs. the Dodgers, West End vs. the North End, Bennys Radio vs. the Knickerbockers and Boosters vs. the Buck Bros. All high records remained unbroken for the last sixteen weeks.

## CIVILIAN DEFENSE NEWS

Rene LaRivee, director of Civilian Defense has advised us that a card is to be distributed to every householder in town within the next 90 days. It gives detailed instructions to be followed in event of an air raid, and will be necessary for use in tests. There is a large card to hang in the home, and wallet sized cards

to carry. Mr. LaRivee announced that he met with the School Board on March 7, and the Board and the Supt. of Schools have promised their full co-operation. Arranging to have the children transported from the schools in event of emergency, instructing them what to do in event of a raid, distributing tags for the children to wear; are

only some of the problems which must be worked out, and the co-operation of the C.D. and the school department's very necessary.

Mr. LaRivee wishes to express his gratitude to those who have volunteered their assistance, among them a group of young ladies who are helping with clerical work. Miss Fortunata, Miss Woods, Miss Lora, and Mrs. Low have all given a great deal of help. Mr. LaRivee would be glad to hear from others who would be willing to help a little in this line, as there is a great deal of paper work. C.D. is still looking for wardens, and those interested in this phase of the endeavor are advised to call Bill Berry, chief warden for information.

## McKELVEY PROTESTS UNFAIR TREATMENT OF BOB MORAN

Dear Editor:

I wish to publicly protest the apparent unjust treatment being given Robert Moran of South Wilmington in regards to his gravel pit and his great and earnest endeavors to bring industry to our Town. Bob has always fought for Industry.

Why do we have the Town Manager, elected and appointed town officials repeatedly attempted to persecute this man. What is the real reason behind this controversial question which most every citizen is trying to find out about. Will someone please answer and bring the matter out in the press for everyone to read. Why so much secrecy, evasion and buck passing.

Would it be that our Town officials do not want Industrial Development, that they are against concrete staple development and have pledged themselves to block everything that would appear to be for the Town's interests. Surely they do not honestly desire a high Tax Rate and higher property valuation which will crucify industry and general business. Can it be that their hidden motto is Make Wilmington a Ghost Town and give it a quiet cemetery atmosphere.

My fellow Townsmen rise up. Protest this unfair treatment towards Mr. Moran. Demand that the Town officials give him his Gravel Pit license and please let the man go to work in peace.

Respectfully Yours,  
Harold W. McKelvey

## ACCIDENT AT WEST ST. CORNER

At approximately 7:55 p.m. on March 15 an accident occurred at the corner of West and Lowell St., involving Joseph Carpenter of Morse Ave., and Leonard Bryant of 5 Chase Rd., slight damage was reported to both vehicles. Officer Shepard investigated.

## FUNERAL SERVICES FOR MRS. DAYTON

Funeral services for Mrs. Annie M. (Lyon) Dayton, 81 of Temple St., were held on Thursday, March 15 at 2:00 p.m. from the William S. Cavanaugh and Son Funeral Home. Mrs. Dayton who was the wife of the late Frank Dayton, many years a selectman in this town, had lived in Wilmington for over 40 years. She passed away on Tuesday, March 13, following a long illness.

Mrs. Dayton is survived by three daughters and a son: Mrs. Lulu Bridges of Wilmington, Mrs. Francis Peaver of North Woburn, Mrs. Ann Martin of Calif. and Paul W. Dayton also of Calif. She is also survived by numerous grand children.

Rev. Harding of the Methodist Church officiated at the services and arrangements were under the direction of William S. Cavanaugh and Son. Interment was in the Woodland Cemetery.

## CORRECTION

It has been called to our attention that in last week's issue of this paper we made an error, one of which especially warrants being corrected. In article 51 on our report on the town meeting we stated that \$16,000 was appropriated for a parcel of land which was to be taken by eminent domain. We were there, and we heard the figure read, but we made a \$14,400 error in our report. The sum mentioned was \$1600.00, 400 of which was for the land and 1200 of which was for the construction of a roadway across this land. We went even further in error and stated that this money was appropriated, this was not so, article 51 was a transfer article.

**BOARD OF HEALTH MEETING**

At the Board of Health meeting held last Thursday, Ralph Odiorne was recommended to serve again as Inspector of Animals.

A letter was received from a resident complaining about a warehouse adjacent to her property. The Board found that no health problem was involved.

A letter is being sent to the water commission regarding the problem of a family in the lake area whose well is no longer usable due to the saturation of the property with detergents. Water is being obtained from a next door neighbor through a hose, which must be kept running day and night in order to prevent freezing. The situation has been in effect for some weeks, but the water commission maintained that nothing could be done until betterments were voted in.

The remainder of the meeting was devoted to further discussion on the Salk vaccine inoculation program.

**TEACHERS TO CONFER WITH SCHOOL BOARD THIS EVENING**

At the regular monthly meeting of the School Committee to be held this evening, a delegation representing the teachers is scheduled to confer with the board concerning the cut recommended by the Finance Board and voted at the Town Meeting.

A so-called "dependency allowance" had been recommended by the school board and included in the school budget. This \$1,200 along with

\$2,500 from the amount asked for for evening school, was disapproved by the Finance Board.

A letter has been received from Robert Barrett, representing the teachers salary committee, requesting a meeting with the board this evening to discuss the board's policy in regard to the matter. There is some question of the legality of the cut.

At a special meeting called by chairman John Hartnett last Sunday evening, the board investigated all angles of the matter in order to be able to present a complete picture to the teachers delegation, in order to help them reach a decision on any action they intend to take.
